As the authors point out, a "short" history of philosophy (in German) by Hans Joachim Storig, runs to 750 pages, and Bertrand Russell's famous popular opus from 1945, A History of Philosophy was 895 pages long. What the authors have done here is to distill the essence of their larger book, mostly by judiciously pruning.

An Introduction to Shanghai's Concessions, Shikumen, & More. Shanghai is arguably one of the greatest cities in the world (my own little biased opinion that is), and the architecture in Shanghai says a lot about its history. In China, it certainly would be the city that welcomes (and welcomed) foreign influence the most.
