Adaptogens Herbs For Strength Stamina

Formerly known as rejuvenating herbs or tonics, adaptogens help the body to “adapt” to the many influences it encounters. They increase stamina and counter the normal effects of aging and thus are becoming important tools in sports medicine and in the prevention and treatment of chronic fatigue and other stress-related disorders.

In one clinical study, eleuthero was able to reverse these conditions in many patients (Kupin, et al, 1987). Athletes can benefit from using eleuthero. It increases endurance and stamina, enhances mitochondrial activity, speeds recovery, and prevents immune-depletion from excessive training.

Adaptogens: Herbs for Strength, Stamina, and Stress Relief ...

Adaptogenic herbs like ginseng are great for battling stress and boosting your overall immunity, strength, and resilience. By Catherine Guthrie| January / February 2014 If ginseng were a Hollywood starlet, she'd be cast as a brainy, energetic woman, playing roles that shine with range and subtlety.

Ancient Healers: Adaptogens - Experience Life

Adaptogenic herbs do not alter mood, but rather, they help the body function optimally during times of stress. Maca: Maca has been dubbed “Peruvian ginseng,” though it bears no relation to ginseng. But like ginseng, the root increases strength, energy, stamina, libido and sexual function.
