SUSE Linux - Wikipedia

SUSE Linux Enterprise Server for Arm is the first fully supported commercial Linux operating system product available for the Raspberry Pi. You can purchase subscriptions which entitle you to receive all released bug and security fixes, feature updates, and technical assistance from SUSE's worldwide support.

Raspberry Pi Quick Start | SUSE Linux Enterprise Server ...

Unlike Netware, DOS and other operating systems, SUSE calculates the start and stop orders based on dependencies. This idiosyncrasy of Linux has the distinct advantage of providing a faster boot time, but does make things a little more complex. The start and stop scripts are found in `/etc/init.d`.
