Currency Wars The Making Of

"Currency Wars" sets out the historical changes to the International monetary system leading up to the present day. It reveals its weaknesses and speculates as to its future. It is certain that one-day change will come and the dominant world powers will need to find ways to stay competitive without relying on the dominance of their currencies and the power of their armies.

Currency Wars: The Making of the Next Global Crisis ...

Currency Wars: The Making of the Next Global Crisis is ostensibly that: a book about currency wars. But while much of the book does indeed focus on competitive devaluation, what Currency Wars really boils down to is James Rickards' love affair with the gold standard, and, to a lesser extent, his libertarian values and pride in 'Murica ("a nation whose moral values are historically exceptional", my ass).

Currency Wars: The Making of the Next Global Crisis by ...

Not only have their theories failed to prevent calamity, they are making the currency wars worse. The U. S. Federal Reserve has engaged in the greatest gamble in the history of finance, a sustained effort to stimulate the economy by printing money on a trillion-dollar scale.

Currency Wars: The Making of the Next Global Crisis ...

Currency Wars by Song Hongbing, also known as The Currency War, is a bestseller in China, reportedly selling over 200,000 copies in addition to an estimated 400,000 unlicensed copies in circulation and is reportedly being read by many senior level government and business leaders in China. Originally published in 2007 the book gained a resurgence in 2009 and is seen as a prominent exponent of a recently emerged genre labeled "economic nationalist" literature. Another bestselling book within this

Currency Wars - Wikipedia

Currency wars are an issue of national and international security, and thus beg much wider attention than that of (central) bankers and investors. Rickards claims that the Fed- with the quantitative easing (QE) keeping the liquidity tap running for several years since 2008- is engaging in the largest financial gamble in history.

Book Review: Currency Wars | Global Risk Insights

Currency wars have been fought before—twice in the twentieth century alone—and they always end badly. At best, currency wars offer the sorry spectacle of countries stealing growth from trading partners. At worst, they degenerate into sequential bouts of inflation, recession, retaliation and actual violence as the scramble for resources leads to invasion and war. The historical precedents are sobering enough,
