The Honda GC190 is a small (187 cc) single-cylinder air-cooled 4-stroke internal combustion gasoline engine with horizontal shaft, manufactured by Honda Motor Company for general-purpose applications.. This engine has a single-cylinder, compact combustion chamber, tough resin overhead cam for durability and quietness and uniblock construction reduce fuel consumption.

Handa GC190 (6.0 HP) small engine: review and specs

I have Honda GC190 6.0 engine that powers a power washer. It starts and runs well until I pull the trigger on the water gun. It will then run for a few minutes and then shut down. If I try to restart it it is damn near impossible to pull. After it cools down it will run OK again and then stop. Pump oil and engine oil are at required levels.
