Harley Davidson Check Engine Light Code and Clearing ...

I have a 2000 Electra Glide. I had it checked out at the local dealership before I began ridding it--I inherited the bike. It was given a clean bill of health by the dealership. When I first start it up and for the first several miles, the "check engine" light comes on, flickers at certain rpm, and finally stays off once the engine gets hot.

Check engine light? | Harley Davidson Forums

Riding home from a 2900 mile trip and my check engine light and battery light come on a few times and went away. Seems to happen after riding for long periods of time. Anyone with any ideas? Pulled the code from the comp and its throwing a "PO562". Bike is a 2007 fxd with the original battery and 48k. Was thinking maybe stator or regulator.

How to Pull Engine Codes From a Harley Davidson | It Still ...

Check Engine Light. Well, this notification comes in handy, but not always at the time you want it to. Sometimes the check engine light comes on after the crank position sensor is gone. But other times, it is fairly accurate. So whenever you see the light coupled with any of the problems mentioned earlier, it is probably the sensor.

Symptoms of Bad Crank Position Sensor on Harley Davidson ...

The Check Engine light can come on for many reasons. If the oil light isn't on then it isn't a oil pressure problem. If the light is off, and hasn't come back on then it was probably just a minor malfunction and isn't a problem. If it comes back on turn off the ignition, hold the trip reset switch, and turn the key back on.

Harley engine light? | Yahoo Answers

I have a 2001 Road King, the check engine light came on a week ago. the best Harley shop around w/ computer scope/etc can not find the problem. The light does not come on when you first start the bike, but the light does comes on as soon as you shift into first and take off and stays on as long as I am moving.
