Impact Of Advertisements Of Alcohol

There was a definitive review of research from around the world on the effects of alcohol advertising. It found that advertising has virtually no influence on consumption. Also, it has no impact whatsoever on either experimentation with alcohol or its abuse. 8 This is consistent with other reviews of the research. 9

Effects of Alcohol Advertising (Very Surprising Facts!)

Concerns about alcohol advertising stem at least in part from its pervasiveness. The alcohol industry spent \$1.03 billion on alcohol advertising in 1996, with the expenditures concentrated on television commercials and beer advertising (Besen 1997). Thus alcohol advertising, especially for beer, appears relatively frequently on television.
