Bridging English, fourth edition, is a comprehensive English methods text that is structured on James Moffett's conception of the "universe of discourse" in the teaching of English: talking and listening, writing and reading. The textbook combines theory and practice, that is, overarching structures with particular instructional strategies.

The blocking or bridging between joists (or rafters) also contributes to this phenomenon. For example, with bridging installed between joists, a piano leg sitting over one 2×10 is actually supported by several. The weight of the piano is centered over a single joist, but the bridging transfers some of
