Islamic banking or Islamic finance (Arabic: **بنوك إسلامية**) or sharia-compliant finance is banking or financing activity that complies with sharia (Islamic law) and its practical application through the development of Islamic economics.

Islamic banking and finance - Wikipedia

The chapters that follow describe the manner in which Islamic, or shariah-compliant, finance is practised in various jurisdictions throughout the world. Although each country will have variations, one of the most striking features of Islamic finance as a legal discipline is that it includes core concepts and structures that cross jurisdictional boundaries.
