This piece reminds me a lot of the work of Jock Sturges in its simplicity.

In images such as Fanny (1994) and Nichol, Euroat, Mantalivet, France (1988), the young subject poses within a picturesque littoral landscape, seemingly at home in nature, poised at the water's edge. Continuing in the long photographic tradition of portraying the nude figure, Sturges makes photographs that accentuate the luminosity of the scene and the formal beauty of the subject.
