Opioids kill—in fact, they kill 42,000 Americans every year. Legalizing marijuana, though, seems to be a pretty effective way to bring those numbers down. According to one study, opioid prescriptions go down by an average of 14 percent whenever medical marijuana is legalized. Partly, that's because it gives people an alternative.

I purchased the book because of the title Killing for Profit The DARK side of hospice. I have witnessed first hand the dark side. This book went into details that I was not aware of, promises made by hospice but not kept, patients' needs not being met, and the callous way that people are treated. This is a must read for people to learn the truth.
