Andy Duncan (Author of Wakulla Springs)

Wakulla Springs, in the deep jungle of the Florida panhandle, is the deepest submerged freshwater cave system in the world. In its unfathomable depths, a variety of curious creatures have left a record of their coming, of their struggle to survive, and of their eventual end. And that's just the local human beings over the last seventy-five years.

Wakulla Springs is the story of three generations (and four protagonists) who lived near or visited Wakulla Springs in the Florida panhandle. This is a real place: a huge freshwater springs and underwater cave system, now protected as a national park.

Review: Wakulla Springs by Andy Duncan & Ellen Klages

Wakulla Springs by Andy Duncan and Ellen Klages was the best of the lot. Fitting for the winner of several awards, including the 2014 World Fantasy Award, and several nominations. This is not strictly a sci/fi of fantasy novel, but it a compelling history of the Jim Crow south set in and around the filming of Tarzan and Creature from the Black Lagoon fantasy movies at Wakulla Springs.

Summary Bibliography: Andy Duncan

Wakulla was his first novel. While not great by today's standards, it was an interesting look at north Florida in the late 19th century and should be of interest to anyone familiar with the geography and I read a 1913 hardback Grosset & Dunlap reprint of the original 1886 edition, but that edition was not included as an option by Goodreads.

Wakulla: A Story of Adventure in Florida by Kirk Munroe

Greeks came to Tarpon Springs to dive for sponges, but by the 1920s, some sponging boats began taking visitors out for tours. The sponges are long gone, but the Greek heritage and boat tours live on.
